

4 Flenibility 4 (ode remability mixin = mixed-in

```
const myMixin = {
    created() {
        console.log('Hook executed');
    }
}

export default {
    mixins: [myMixin],
    created() {
        console.log('Component hook executed');
    }
}

Vue.mixin(
{
    created() {}
}
```

The this convidence

```
this.x
axios.post('/api/tickets', ...)
.then(function (response) {
this.x
})

AddTicket: function() {
this.x
axios.post("/api/tickets", ...)
.then((response) => {
this.x
})
}
```

AddTicket: function () {

```
AddTicket: function() {
    this.x
    const self = this;
    axios.post('/api/tickets',...).then(function (response) {
        self.tickets = response;
    })
}

AddTicket: function() {
    this.x
    axios.post('/api/tickets',...).then(function (response) {
        this.tickets = response;
    }.bind(this))
}
```
